As a participant in Triton Transfer Storytellers, we want to set you up for success. Below are creative and writing coaches who have volunteered their time to support you in your design process. As the goal of the Storytellers contest is to build connection, we will consider your outreach to a coach as a part of the judging process. Reach out to coaches to share your story, to brainstorm ways to bring it to life within art, to review your design concept, or to receive support as you write your synopsis.

**SPECIALTY/PASSION:**

- Storytelling: We see the world from a different perspective; who we are, and where we're going has so much to say. Three words come to mind when I think of someone's mental state and tell authentic stories. Resilience: hope, beauty, and growth. Everyone has a story to share. I am inspired to help students in their process of self-discovery, help others relate or better understand the unique experiences to the table, and I think the whole college community should learn from them and enjoy seeing college life from a unique perspective!

**SHE/HER/HERS**

**SPECIALTY/PASSION:**

- Performing arts, installations, and projects that change the idea of what art can actually do for individuals, continue to explore the idea of expressive experiences and sharing those experiences, and to also explore the beauty of art. It is a powerful way to promote connection, empathy and understanding for the future community.

**SPECIALTY/PASSION:**

- Writing, poetry, painting, and mixed media. I am a huge believer that storytelling is a way for students to express themselves. Storytelling plays a big role in helping write their own future and helping students be able to express those experiences through art. I always enjoy reading something that is creative and well written.

**SPECIALTY/PASSION:**

- Food, music, poetry, photography, painting, and sometimes untraditional journey of transfer students. Their stories of resilience are valuable and should be shared and heard. Being able to express those experiences through art may help others relate or better understand the unique and sometimes untraditional journey of transfer students.

**SPECIALTY/PASSION:**

- Painting, woodwork and design projects. I appreciate furniture, home decor, etc. Ultimately, I love any forms of art, working with my hands and learning new techniques.

**SPECIALTY/PASSION:**

- Painting, photography, piano/music, poetry/short stories, poetry, painting, and costume design. I think art is not only a beautiful form of self-expression, but incredibly therapeutic.
