Welcome to the Triton Transfer Digital Community! To ensure that our digital space remains a friendly, stress-free, and welcoming environment for everyone we have created a set of community guidelines for all students, staff, and visitors to follow when they are engaging:

1) Join the conversation - get to know the group! Introduce yourself and ask each other questions. We encourage you to reach out to one another and build relationships here!

2) Inclusive language - practice inclusive language for all various identities.

3) Be respectful - treat others how you (and they) want to be treated. Any trolling we see take place will immediately be deleted and user removed from group.

4) Safe space - we encourage students to promote a safe environment so students may comfortably use the space. Content that is considered offensive or hurtful to others will be immediately removed.

The Triton Transfer Hub Moderators reserve the right to delete content and remove users from the space.

Please ask us if you have any questions
